OBJECTIVE

Full-stack developer leveraging MERN stack to build dynamic and data-driven web applications.

EDUCATION

Undergraduate, Dawood university of engineering technology Expected Aug 2024
Relevant Coursework: Software Engineering; Operating Systems; Data structure; Data communications and networks; object oriented programming .

Intermediate , AIMS College , AJK 2017 - 2019

SKILLS

Technical Skills	Reactjs,nodejs, Javascript, HTML/CSS, Tailwind ,Bootstrap ,MUI,database(MySQL, MongoDB firebase),
Soft Skills	Problem solving, Adaptability, Leadership
Language	English, Urdu

EXPERIENCE

Web App Intern May 2023 - Aug 2023
IT Panda Karachi

- Worked on mostly frontend using React JS, Redux, Tailwind CSS.
- Making Responsive websites tend to rank higher in search engine results for providing a better user experience.

PROJECTS

Ecommerce website . Designed and built a dynamic e-commerce platform using the MERN stack, featuring a responsive UI, secure payments, and user-friendly functionalities. Collaborated with a team to implement a seamless online shopping experience. ([Visit Now](#))

Expense Tracker. Built a dynamic expense tracker app using React for efficient financial management. Users categorize and track spending, gaining insights through interactive visualizations. ([Visit Now](#))

Blog App. used React.js to create a dynamic blog application that demonstrated proficiency with state management, responsive design, and component-based architecture. Performance was enhanced for a pleasant user experience, secure user authentication was put in place, and RESTful APIs were integrated for seamless data transfer. ([Visit Now](#))

Social Media App. Social media app using react js has been a great learning experience. It introduced us to the vast world of APIs, UI/UX development, and their use in building applications for ease of our day-to-day lives.

EXTRA-CURRICULAR ACTIVITIES

- Actively write Supported The Citizens Foundation (TCF) in Pakistan, a non-profit for underprivileged education. Organized 10+ fundraising events in pakistan, raising awareness and garnering support.
- Volunteered at Dawood University's Computer Engineering Society, organizing workshops, seminars, and tech talks to connect students and industry professionals.
